RESOURCES REQUEST #1088363: CAPITAL FOR SECURITY
Classified By: Company President Ryan Blackmoore.

Requesting financing to test and upgrade the security at Blackmoore Industries due to a recent surge of attacks and threats made by the internet hacktivist groups [REDACTED] and [REDACTED].

We have reason to believe that several organizations have already attempted to break through our security systems. These organizations may be working to further the aims of the Hartington Institute (RE: TECH ANALYSIS #846483), or they may be independent.

Funding will be put forth to employ a cyber-technician specializing in remote server invasion. The technician will attempt to locate and destroy the security holes in our GlobeComm server and databank. Testing is estimated to take approximately 1-2 days to complete.

Approval Pending.
